ECLECTIC LOFT IN HONG KONG

Characterized by its eclectic and contemporary architecture, Hong Kong, is the perfect city. The Loft is located near the city's Central Business District and offers an unparalleled level of luxury and modernity. It also has a panoramic view of Victoria Harbor and the world-famous Hong Kong skyline. A powerful view that matches the design quality of the project. Open space was the main concept when developing this interior design project. This exclusive loft provides its owners with sprawling rooms that share a cohesive design aesthetic and yet each has a unique and distinctive appeal.

ENTRANCE

A modern house entrance is key for setting the tone in any contemporary design. This loft is an industrial open space with concrete walls and ceilings that are high enough to accommodate the opulence of the Supernova Chandelier, one of our most wanted pieces. With minimal interruption of natural light and views through floor-to-ceiling windows. To enhance this area's natural lighting the Disruption Rug is one of the interior design projects only piece that combines pattern and vibrant color. To match the natural tones of the Rug and the Botti Floor Lamp by Delightfull, Monocles Sideboard finishes in both brass and wood bring all of the welcoming vibe together in one space.

LIVING ROOM

An ideal gathering space should be full of life, vibrant and filled with energy. This modern living is filled with glamorous details that together create the perfect gathering setting. The mixtures of patterns and textures of the interior design pieces fuel creativity and inspire an opulent way of living. The mixture of different colours, light fixtures, and furniture make the living room more interesting and vivid. The rawness of the walls calls back to the industrial style of this home, contrasting with the luxurious and glamorous interior design pieces. Taking centre stage, two pieces showstopping Boca do Lobo pieces, the Odette Sofa set and the Lapiaz Marble Center Table work together to enhance the ambience. Adding a pop of colour to this room, the Marco green velvet armchair by Essential Home doesn't compromise the overall elegance. A custom Monochrome Faux Marble Console shows Boca do Lobo's studio ability to fulfil the clients most wanted dreams. The view from the wide windows are overwhelming and to overcome this environment the Botti floor lamp paired with the Palm Rug from Rug Society leads to a more comfortable and welcoming space.
